GETTYSB'G BRICK PLANT SOLD

TO THE AUBURN SHALE BRICK COMPANY OF AUBURN, PA.

It Will be Continuously Operated—Extensive Improvements and Additions to be Made.

J. L. Butt, Esq., assignee of the Gettysburg Brick Co., on Tuesday of last week sold the plant and all the belongings of the company to the Auburn Shale Brick Co. of Auburn, Pa.

This sale it is expected will prove a great advantage to this community. J. A. Seltzer, President of the Auburn Co., and W. S. Oswald, Sec. and Manager, were here and closed the deal with Mr. Butt, the purchase price being \$40,000 and one fourth of the consideration being paid in cash when deal was closed.

The Auburn Company has been successfully operating an extensive brick plant at Auburn, Pa., and a second one at Schuylkill Haven, Pa. Their business has been constantly growing and the increased demand for their output made it necessary to purchase another plant and fortunately the Gettysburg plant fell into their hands. Before buying they not only acquainted themselves fully with the plant but the shale and clay of the plant and their expert after a careful analysis pronounced the material the equal of, if not better, than at either of their other plants.

The company operates its plants all the year round, not stopping for winter weather, giving constant employment to its workmen. It is the purpose of the Auburn Company to make at the Gettysburg plant fine repress and dry press face brick, also vitrified street paving blocks, as well as fine building brick. The company has quite an extensive established business in vitrified street paving blocks.

The Auburn Co. took possession of the plant on Monday of this week and will begin extensive repairs and additions, which will likely cost from \$10,000 to \$15,000 and they will start work at once. Mr. M. Tippery of Philadelphia, of much experience in the brick making business will be manager of the Gettysburg plant. The running of this valuable plant on full time will prove a great boon to Gettysburg in many ways. It will give constant and regular work to a large force of men, probably between 50 and 75 employees, and the weekly payroll as it may be expended in this place will be helpful to all kinds of business here. The new company has the best wishes of our people for their success.

A Story of Dogs.

J. O. G. Weaver, agent of the Adams Express Company, has been having a "dogged-on" experience and he isn't anxious for any more such episodes. E. C. Tawney of this place shipped to Woodsboro, N. J., six dogs last November and the party to whom shipped received the dogs, kept out of the lot the most valuable one and then shipped the dogs to Mr. Tawney. The agent at Woodsboro sent the dogs with charges of over \$4 to be collected at this end of the line. The dogs would not be received nor the charges paid so the agent here had to take care of them according to law for 60 days before they could be sold. The dogs were English setters and the pedigree of the dogs was said to be just like the pedigree of a horse. A man of this town once bought whose son was asked whether the horse had a pedigree, and answered, "well Pop looked the horse all over and there was nothing the matter with him."

There was nothing the matter with the dogs except that by the time of the sale they numbered fourteen instead of five, but when sold at public sale last Wednesday, after Justice of the Peace J. L. Hill, according to law, had authorized the sale of the dogs and after they were advertised, and after being boarded for 60 days, so that the dogs were worth nearly \$30 to the Express Co. in an outlay they had to go under the hammer for \$3.60.

Prof. Byron W. King of Pittsburgh, who has delighted thousands of people among them hundreds of people from Gettysburg, with his masterful lectures, will give a lecture in Bruns Chapel, Friday eve., April 16, under the auspices of the class of "Ninety and Nine" of St. James Lutheran Sunday School.

Prof. King will be remembered as one of the all-powerful ones at the Teachers Institute, and his ability to please his hearers is well known to the people of Gettysburg. The subject will be announced later and tickets can be secured from any member of the class for 25 cents, reserved 10 cents extra. The proceeds will go to the building fund of the Sunday School.

Auto Verdict for Mrs. Stearns.

Mrs. John M. Stearns, daughter of Mrs. Andrew Potts, of this place, won verdict in suit for damages last week in the court at Mineola, Long Island.

Mrs. Stearns on June 22, of last year, was going to her home in Glen Cove, L. I., and was run into by George Edward Kent at a cross roads. The Stearns car was reduced to scrap iron in the collision. Mrs. Stearns was buried under her car and got out with great difficulty. Her chauffeur, Welcome Proffer was severely injured. On the trial it appeared that Kent and

his friends made no attempt to help Mrs. Stearns from her car and that she had to crawl from the wreck unaided and had to wait for help from another car which happened along shortly afterward for the chauffeur. The jury after being out a short time gave Mrs. Stearns for her automobile a verdict for \$1500, all she asked, and awarded \$2000 to Proffer, the chauffeur. Photographs introduced in evidence convinced the jurors the Kent car was entirely in the wrong.

Destructive Fire Visits Harney.

A destructive fire occurred at Harney, near the Pennsylvania line, between 12 and 2 o'clock last Thursday morning. The dwelling occupied by George Shriver, the storehouse adjoining, occupied by Harry Shriver, with a valuable stock of goods; Mr. Hess' cigar factory, J. W. Reck's barber shop and H. A. Heck's harness shop were destroyed with most of their contents.

A lodge room occupied by Mason & Dixon Lodge I. O. O. F. and Harney Castle A. O. K. of M. C. with lodge fixtures and paraphernalia, worth several hundred dollars were destroyed, no insurance.

The buildings were all owned by S. S. Shoemaker, whose loss is about \$6,000 with insurance of about \$2,000. H. R. Shriver has a loss of \$2,000 or over with insurance of \$1000, Ervin L. Hess has a loss of \$1200 or over with insurance of \$700. Harry Heck loss of \$200, no insurance and J. W. Reck loss of \$100, no insurance.

The blaze started in the cigar factory and burned rapidly. Means to fight the flames were wanting and as all of the people of the village were in bed when the fire was discovered practically nothing could be done to save the property. Telephones were burned out and communication with the village was interrupted until Thursday evening. It was the most destructive fire that has ever occurred in that section. It is said Mr. Shoemaker will not rebuild and the fire will prove a blow to Harney and its industries unless there is a rebuilding.

Lawlessness at Bittings.

A warrant has been issued by Squire R. M. Straley of New Oxford for the arrest of Burr Williams of Bittings, Oxford township on a charge of aggravated assault and battery preferred by Maggie Bolen, also of Bittings. The defendant is charged with having struck Mrs. Bolen on one of her arms with a brick, and shooting at her with a shot gun. The heavy charge from the gun tore a hole through the door of the woman's home and part of the charge passed through the clothing which she wore at the time, fortunately however, none of the shot struck her person. Williams has thus far not been captured and is thought to have skipped the neighborhood.

HUSBAND SUES HIS WIFE

AND RECOVERS VERDICT OF \$2250 AGAINST HER.

Judge Gillan, of Chambersburg, Presides in Interesting Case of Bishop vs. Bishop.

The case of Henry Clay Bishop vs. Annie S. Bishop, was tried in the Court of Common Pleas of this county last week, before Judge Gillan of Franklin county specially presiding. The case was on the trial list for Jan. court, and Judge Swope being of the opinion that he should act as trial judge. A jury was selected, and last Wednesday, Feb. 17, fixed for day of trial.

The case proved to be a very interesting one, being an action of assumption by the husband, against the wife, on note for \$2,000. J. Donald Swope, Esq., representing the plaintiff, husband, and W. C. Sheely, Esq., the defendant, wife. Henry C. Bishop plaintiff, presented a needy appearance in the matter of trousers, and testified that he had been disinherited by his father, and that his mother accumulated means, and before her death gave him \$2000, which he handed over to his wife. The wife admitted having signed some notes before the one in suit, and that she had gone with her husband to Paxton Bighams, at Greenmount, where note in suit was drawn, but alleged that note was signed by reason of threats, of personal violence had been made. The question of when suit can be maintained between husband and wife, and the facts of separation of plaintiff, and defendant got into the case. The jury after a short consultation, formed a verdict in favor of the plaintiff, \$2,250 debt and interest. Mr. Sheely immediately made a motion for a new trial and judgment notwithstanding the verdict on the reserved legal points, whether the husband could sue the wife in this case. The legal points will be argued at a later date.

Report of J. Donald Swope, Esq., auditor making distribution of the balance in hands of Jeremiah Johns, and S. L. Johns, executors of Elizabeth Johns, dec'd, was filed and confirmed nisi.

Order of sale was awarded to Emory A. Slagle, Adm'r. of estate of Andrew A. Slagle, late of Hanover, for certain real estate in Oxford township.

Account of Charles L. Baker, guardian of Margie V. Rights, minor child of J. H. Rights, dec'd, was confirmed, and ward being of age, and guardian having paid funds in his hands, as shown by account, was discharged.

Charles M. Wolf, Esq., was discharged as Adm'r. of the estate of Isabella Carl, late of Hamilton township.

Hon. Wm. McClean was discharged as executor of the last will and testament of Matilda McClean, late of Gettysburg.

The petition of Marie Helena Erter, Administratrix of estate of Mrs. Marie E. Carver, late of Gettysburg, was ordered to be advertised for hearing on March 1st.

The Citizens Trust Company of Gettysburg, was appointed guardian of Lydia Himes, George Himes, Jesse Himes, Rosie and Laura Himes, minor children of William H. Himes, late of Strasburg township.

The Citizens Trust Company of Gettysburg, guardian of Karl Rittenmaus, was authorized to pay to its ward \$100 for educational purposes.

The first and final account of the York Trust Co., guardian to Bessie M. Reiffe, now Bessie M. Snyder, a minor child of E. Forney Reiffe, late of Union township was confirmed, ward being of age and having received funds in guardians hands, guardian was discharged.

Order of sale was granted to P. C. Smith, assignee of Chas. W. Clapper and wife to sell assigned real estate.

Petition of Augustus Crouse was presented asking leave that the depositions as to last deeds to him of two tracts of land in Germany township shall be recorded to perpetuate his title to land and order was made accordingly.

NEW LUTHERAN CHURCH

Is Under Consideration by Church Council.

The Council of St. James Lutheran Church is unanimously in favor of a new church building. A committee composed of D. M. Wolf, chairman, Howard Hartley, E. P. Miller, Prof. H. Milton Roth and Geo. F. Bender, had charge of the matter and reported to the church council last Friday evening in favor of a new building and their report was unanimously adopted by the council.

The growth of the church makes a new building an absolute necessity. St. James Church now has six hundred members and a Sunday School of over four hundred members. The rooms devoted to the Sunday School

are too small and the Senior Department has been meeting for some time in the main auditorium, but the Sunday school rooms are still very much crowded.

The committee considering the matter were of the opinion that changes to the present building would not be adequate to meet the demand and that there was room in the present site to build an entirely new structure which would adequately meet the demands of the present and future.

The committee by instructions of the church council will consult architects and secure plans and estimates and will submit them at an early date to the congregation for their action.

Memorial Abbey Wanted.

The Battlefield Commissioners to erect the \$150,000 Pennsylvania memorial are expected to visit Gettysburg this week, perhaps tomorrow or next day. Every citizen should make it his special business to come in touch with the commission either as a body or individually, and impress them with the fact that the only fitting and appropriate memorial in the eternal fitness of things is a memorial building or memorial hall, or memorial abbey, and in the town or as near the town as it can be located.

Narrow Escape from Fire.

The home of Mrs. John Mauss, an aged lady, residing along the York pike near New Oxford, narrowly escaped destruction by fire one day last week. The chimney had taken fire and was burning fiercely. When Charles Mauss, a grandson residing with the lady, went to the second story to see if all was right, discovered the floor had taken fire from the heated brick of the chimney and was already ablaze, but he secured several pails of water and succeeded in putting out the fire before much damage was done.

Appeals to Superior Court.

Two cases have been appealed from Adams County and will be heard in the Superior Court on Monday, March 8. They are the following:

Samuel Spangler vs. William D. Markley, in which the defendant recovered nearly \$700 damages for injuries received in runaway, caused by defendants' automobile. The appeal taken by defendants is represented by E. A. Weaver and Wm. Hersh, Esqs, and the plaintiff by W. C. Sheely, Esq.

The other case is that of W. G. Leas vs. F. K. Hafer, in which plaintiff is suing defendant for a balance on a note of \$386, the plaintiff contending that he is entitled to judgment on the papers filed in case and that allegations that settlement had been made with P. H. Strubinger, as agent for plaintiff should not prevent judgment. W. C. Sheely, Esq. represents plaintiff and J. L. Butt, Esq. the defendant.

New Oxford Grants Franchise

The Town Council of New Oxford, on last Wednesday evening, passed an ordinance giving to Capt. W. H. Lanus, in trust for a proposed street railway Co., to construct, operate and maintain a line of street railway, upon certain streets of that borough. The streets portions of which are designated by the ordinance are Hanover, High, Bolton, Pitt, Philadelphia, Carlisle streets and Public Square. Charter must be asked for within a year, and work begun within two years.

THOMAS-WOLF HILL HERMIT

ENDS HIS LIFE IN ATTIC OF HIS HUT BY HANGING HIMSELF.

He Had Become Mentally Deranged Recently—Imagining Himself Persecuted.

Thomas, the hermit, in the loneliness of his hut on Wolf Hill, ended his life last week by hanging himself from a rafter with a strap. The gruesome discovery was made by Jacob Harfensperger and Bernard Hoffman. They came to his place and finding the door locked went around the house looking in all the windows and finally saw the body hanging in the attic. They notified the authorities and Sunday afternoon H. Foster Beard, Steward of the Adams House, went to the hut of Thomas as the hermit and had to force open the door to gain entrance. He found the body in a cramped position with feet touching the floor. He cut down the body. The indications were that he had been dead several days as putrefaction had begun.

Thomas the Hermit has lived many years on Wolf Hill, living a quiet life, disturbing no one and telling little about himself. Of late he has been growing more loquacious and apparently daffy. He complained that neighbor boys had been annoying him, making confusion, that they would travel around his house, peer into his windows and make noises. He made the assertion that he knew who they were and if it wasn't stopped that he would put a spell on them and declared that he was able to hypnotize them. He wept bitterly some weeks ago over the loss of his cat, which he said had been killed by his persecutors, that the cat had been his companion, the only live thing about his house, and he was distressed over the loss. Some years ago he had a dog which he would harness to a small wagon and make the trip to town to and from his hut.

He finally decided to go to the County Home, and after being there some days during January, longed for his lonely Wolf Hill hut, and being promised out-door relief, went back to his hermit life.

Thomas the Hermit, or G. F. G. E. Thomas, was born in Germany and according to the papers found in his house was about 62 years of age. He had come to this country about thirty years ago, being naturalized in Baltimore in 1883 and soon afterwards found his way to Wolf Hill in this county where he has since lived. There are a number of stories of how he came to live his hermit life but it is not likely the complete story of his life will ever be known. One of the stories is that he possessed wealth at one time and that the loss of his money and friends made a hermit of him. He was a man of some intelligence, and would at times talk interestingly of life in the German army but told very little of his own past life. When in a talkative humor he could quote Scripture at great length.

The body was taken to the County Home on Sunday by Steward Beard, and on Monday all his belongings were removed there. The Steward found on his pet on the sum of \$2.45 and being told that he likely had more money, upon examination of his vest he found sewed into the lining in the corner of the vest \$5. Some years ago he bought of P. L. Houck a small piece of land on Wolf Hill and erected the small hut in which he lived. He made a will some time ago giving all he had to the county in order to provide burial for himself.

Conductor Leases Finger.

F. E. Beatty of Littlestown, a conductor on the Frederick branch of the Northern Central Railroad, narrowly escaped being ground to death beneath the wheels of a freight or cars in York last week. As a result of his close call the conductor is confined to the York Hospital with a badly lacerated right hand with only the thumb remaining.

The accident occurred about 11 o'clock at night. Beatty, who has charge of the run between York and Littlestown, and was, during the night, sleeping in the caboose of his train, near the Standard Chain Works, was returning home a visit to York. He was walking along the tracks on his way to the caboose. When near the jail crossing, a draught of freight cars was shifted in the same direction in which the conductor was walking. He saw them, and realizing his predicament, Beatty threw his body to the side. In falling his right hand struck on a rail, and the locomotive wheels passed over it.

Beatty is one of the oldest conductors on the Frederick division, having been an employee of the company for thirty-five years. He is 61 years of age and has a wife and family at Littlestown.

Cash Register Robbed.

Thieves burglarized Hotel Columbus in McSherrystown on a recent Saturday morning. Entrance to the building was gained by breaking open the kitchen door, after which the door leading to the bar room was pried open. The cash register, which contained \$1 in change, was carried to the yard where it was broken open and 30 cents taken. The remainder of the change, 75 cents, was overlooked. The thieves also secured a good overcoat, some liquor and cigars. There is no clue as yet to the guilty party.

Election Expenses.

All candidates at the spring election last week and specially those who were elected should file statement of expenses, according to law. The Supreme Court last week decided that the corrupt practice act was constitutional and the candidate who neglects to file a statement of election expenses runs the risk of forfeiting his office and making trouble for himself. Comply with the law by filing statement within 30 days from Feb. 15.

Wheat Still Going Up.

Wheat has been steadily going up for weeks, affording the farmers a better market than they have had for years. Last week wheat was \$1.10. This week \$1.15. The trouble seems to be that the farmers do not have much unsold wheat. These prices have not brought great quantities to our warehouses. A number of small amounts have been sold here last week. Eggs have taken a drop after having brought unusual high prices for months, being now under twenty, to be exact 19 cents.

Twenty one children have diphtheria at Loxysville Orphan Home. The school is quarantined with 240 inmates. There has been one death.

The L. T. L. will meet at home of Mark Eckert on Thursday evening at 6.30 o'clock.

EDITORIAL SPEAKING—

The result of the Spring election is in many ways very encouraging to Democracy. The overwhelming vote for the Democratic candidate for Burgess is a vote of confidence in the party presenting him. This confidence was expressed throughout the county as to many candidates. Gettysburg voters also demonstrated that they do not propose to encourage those who jump over party lines to help the opposition at the price of trouble to their own party. The time to submit claims is at the primaries and when the majority has spoken at the primaries the proper course is submission to the will of the majority.

A number of our merchants recently petitioned Town Council for a protecting ordinance and is there any good reason why they should not have what they ask for. A stranger walked into our office a few days ago and wanted to take an order for delivery and questioning him close it struck us that delivery could have been had according to demand. The information has been conveyed to us that a party has been making sales of goods on orders amounting to hundreds of dollars, necessarily to the injury of the home merchants. Such a party is not liable to one cent of tax in any way, while the home merchant helps to support the home community. The home merchant should be protected and citizens should not buy of those who seek only to take money out of the community and evade all supporting help thereto.

The new Battlefield Commission is expected to meet in Gettysburg at an early date. If the Commission would take the trouble to ascertain the truth they would find that there is the greatest demand here for a memorial hall in which the story of the battle could be studied to advantage. Only last week a Baltimorean suggested in the newspapers the public need for such a place. The veterans of this place are a unit for it. The Pa. Reserves had obtained a bill for a building which failed by veto. The legislative mind has sanctioned a building by expressed amendment. The design to which was awarded first prize money has been so criticized that it can never take first rank in art or architecture. A Greek temple with a facade of columns would be in keeping with the eternal fitness of things in art and as a memorial. Let us have a building with inside walls covered with bronze tablets of the 22,000 Pennsylvania veterans and with records and accoutrements telling the story of the battle.

A MEMORIAL BUILDING.

If you should ask the soldier boys, Who fought here in sixty-three, Where the Pennsylvania memorial should stand, And the place they think it should be— They would vote, I'm sure almost to a man, From highest general down, Place the Pennsylvania memorial In the heart of that grand old town.

For there in the dark and bloody days, When strong men's hearts gave way, Those valiant men and women Went forth in the midst of the fray.

Out on the field of battle, Among the dying and dead, Giving aid to the boys that were dying; To the famished, water and bread.

And when hospitals were established, And the wounded were brought in there, It was Gettysburg's loyal women Who gave them most gentle care.

With their dresses stained with human blood, Shed that the country might live, They worked day and night, with one thought in mind, "O! what can I do or give?"

From the humble as well as the wealthy homes, These gentle nurses came; Giving comfort and help to the bleeding and torn, Union and Confederate the same.

To some but a cup of water they gave, With others they knelt in prayer; Wrote letters to mothers and loved ones at home, Sad musings of which linger there.

You ask: "Does patriotism still abide, Though the years have rolled away?" I answer: "Come visit Gettysburg, On glorious Memorial Day."

You will see, not these loyal women, But their children, and children's children, In whom patriotism was bred.

Strew flowers each year as they come, And let them know in rain, Over the graves of those brave and unknown boys, Who have not died in vain."

Now I see the structure right in the town, Pillars from floor to dome, With flags and memories of every kind, For the generations to come.

Build it of granite, massive and strong, As a lasting tribute to all, Let Pennsylvania read all the States, With a splendid Memorial Hall.

SIGNALS OF DISTRESS

Gettysburg People Should Know How to Read and Heed Them.

Sick kidneys give many signals of distress. The secretions are dark, contain a sediment. Passages are frequent, scanty, painful. Backache is constant day and night. Headaches and dizzy spells are frequent. The weakened kidneys need quick help. Don't delay! Use a special kidney remedy.

Doan's Kidney Pills cure sick kidneys, backache and urinary disorders. Gettysburg evidence proves this statement.

Mrs. Sarah Hamilton, 50 Breckenridge St., Gettysburg, Pa., says: "I endured much misery from disordered kidneys for a long time and was unable to find anything that would give me relief. I was very nervous, suffered from headaches and at times had sharp, shooting pains throughout my body. The passages of the kidney secretions were also very irregular. When I saw Doan's Kidney Pills advertised, I procured a box at the People's Drug Store and used them. I improved from the first and am today in better health than before in years. I give Doan's Kidney Pills my heartiest endorsement.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for United States.

RECIPE EASILY PREPARED AND MANY SWEAR BY IT.

Many of Our Citizens Speak Well of the Home Prescription Which Helped Them to Health.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well-known authority in a Cleveland morning paper, forces the clogged up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and tortuous disease, but dangerous to life, this simple receipt will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly. Our druggists here say they will either supply these ingredients or make the mixture ready to take, if any of our readers so prefer.

Mr. and Mrs. McDonnell Entertain.

On a recent Friday evening, the home of Mr. and Mrs. John McDonnell of Cumberland township, was the scene of a most enjoyable event. A large party of young people from Highland and Cumberland township, and Gettysburg, began to gather about 7.30 p. m., about nine o'clock the crowd was complete. Then the spacious kitchen was cleared, and found to be as excellent a dance hall as one could desire. Mr. McDonnell began to tune up his violin, his brother James, of Gettysburg, also happened to be there with his violin, soon both violins were sending forth melodious and rhythmic strains, to which about fifty pairs of feet were gracefully keeping step over the polished floor, nor did the grand time slacken until the gay young folks were summoned to the most sumptuous banquet that had been spread in this country side for many a day. When all were through feasting a few specialties were introduced. The following young couples competed for prize in a "cake-walk": Miss Elsie Wible and Walter Lott, Miss Mary Wible and Edgar Newman, Miss Edna Hartman and Russell Stoops, Miss Ida Scott and Walter Spangler. After considerable argument it was decided that Miss Edna Hartman, and M. Russell Stoops took the cake. After this the following gentlemen favored us with a genuine "Hoe-down" that was laughter producing to a side splitting degree, Messrs. Geo. Plank, Walter Lott, Wm. Carbaugh, John McDonnell, Frank Gilbert, Henry Hershey, Loy Stoper and Chester Mehring. George Plank took the prize here, with "Hen" Hershey a close second. At a late hour all left for home, voting it the best time they had enjoyed in years. Those present not already mentioned were—Misses Ruth McDonnell, Susie Black, Martha Lott, Caroline Bream, Myrtle and Mary Carbaugh, Sara Lott, Ruth Knouse, Carrie Warthen, and Beulah Beck. Mrs. Stoner, Mr. and Mrs. John C. Bream, Mr. and Mrs. John George, and Mrs. Frank Warthen. Messrs. Harry, Clarence, Roy, Chas. and Howard Carbaugh, Robert and Felix Yingling, Harry and Ches Beck, Charles and J. Howard Bream, Elmer Scott, Frank Lott, Bruce Beard, Charles Sanders, Samuel Knox, "Chubbie" Lott, John Hamilton, and Arthur Knouse. Mrs. McDonnell was assisted in receiving by Mrs. Geo. Plank and Mrs. William Carbaugh, and in serving by Miss Sara Lott, Mrs. Frank Newman, and Miss Martha Lott.

A GUEST

J. RAYMOND HEMMINGER.

Mr. Hemminger is doing wonderful things with the music in the special services at St. James Lutheran Church. His solo work is very fine, and the large choir of seventy-five voices is developing splendidly under his enthusiastic leadership. The house is being crowded at the evening services, even as to standing room, and the afternoon meetings are well attended and growing in interest.

The services will be continued this week and next, at 3 p. m., and at 7.30 p. m. It is likely that there will be a men's meeting next Sunday at 3 p. m. These meetings will close Mr. Hemminger's work in this country for some time, as he expects to go to Australia about the middle of March with Dr. Chapman and Mr. Alexander.

Set Screw Makes Trouble.

J. A. Nester, employed by J. R. Hartman in the New Oxford Flouring mills, was oiling the mill machinery when his clothing caught on a set-screw on the shaft that drives the flour packer close to the oil cup. He was being drawn between the packer and shaft when in some unaccountable manner, the belt was thrown from the pulley and the shaft stopped. The clothing was torn off his right arm to the shoulder and the skin and flesh of that member badly torn and lacerated, but no bones broken.

Tickling in the Throat

"Just a little tickling in the throat!" Is that what troubles you? But it hangs on! Can't get rid of it! Home remedies don't take hold. You need something stronger—a regular medicine, a doctor's medicine. Ayer's Cherry Pectoral contains healing, quieting, and soothing properties of the highest order. Ask your doctor about this. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Constipation positively prevents good health. Then why allow it to continue? An active liver is a great preventive of disease. Ayer's Pills are liver pills. What does your doctor say?

Primary Teachers Meeting

The Primary Teachers Association met Saturday, Feb. 20, 1909, in the Primary School room, McSherrytown, Pa. The session was marked by the active interest shown by all that were present.

The meeting was called to order by the president Mr. H. C. Lady. After singing America, Prof. Burgoon led in prayer. Another song, The Barefoot Boy was then sung. The program was then taken up. First year number work was very ably presented by Mr. Yake, and Miss Elizabeth McElhenney. Mr. Yake said number work should be begun, not giving the signs plus and minus at first. He submitted the question should a class be formed for pupils attending irregularly, or should the work be gone over for the sake of the absentees? It was thought best to divide the class, rather than repeat the work too much. Miss McElhenney said, each successive step must be well mastered before taking a new one. Text books are a great help to the teacher in the second years' work. She gave a number of very good devices and incentives. A general discussion of the subject was entered into with great enthusiasm. Mr. Heitzel gave the theory of not teaching number work until the third year in school. This was endorsed by Prof. G. W. Baker, less intensive arithmetic should be taught, and more attention given to the practical uses. Misses Kittinger, Scott, Eisenhart and Swartz also gave valuable suggestions. Mr. Lady was asked to give his methods of teaching number work, which he did in a very clear, concise way. He said, after all, it is not the methods so much as the spirit in which the teacher enters into the work, that gives successful results. Neither of the speakers on Primary Writing being present, Prof. Burgoon opened the subject. He gave some of the methods used in the primary room of Littlestown. Copy books should have guide lines, particular attention should be given to position. Prefers to start with vertical, and then change to medium slant. Prof. Baker thinks the guide line tends to make the pupil drag the arm. Miss Rosa Scott and Mrs. Witherow, both thought the guide line necessary. Left handed pupils should be taught to write with the right hand, was found to be almost a unanimous principle. Very excellent arguments were given in favor of this by Messrs. Lady, Baker and Burgoon.

After singing God be with us till we meet again, the meeting adjourned.
